To whom it may concern,

On May 11th 2023 I visited the branch to conduct business. The Customer Service Representative Mr Fares Mohammed attended to me. He was very polite and professional in the way he served me. He had a warm smile and very knowledgeable. He went through every document very precisely and made the relevant copies which was handed over to me. I must say it was my best experience at a Government establishment. I left very pleased and satisfied. I wish Mr Mohammed all the best and that he continues to be an excellent worker.

Yours truly
